832 278 fulfill all the conditions I dig them out and mix them together with their own roots. Then I take the blossom of the male and mix it together with the center leaf of the female flower. After that both are ground together thoroughly. Then I go to the woman I wish to court and, at night, when she is asleep, I touch first any part of her body, then a place not far from her heart, and finally the top of her head with this mixture. Finally I make her smell it. I then wake her up and go home. The girl will wonder who had touched her and she will think a good deal about the incident and never forget it. The next time I see her she will like me and she will do whatever I ask of her. The medicine would be working. If I did not see her for a long time, she would get lonesome, and the only thing that would cure her would be to marry me.

There is another medicine which I am now going to describe. When it first sprouts, which is in the spring, it is quite white. This must be taken and dried. Then one must chew it and go near the woman with whom one desires to talk. Approach her on the side from which the wind is blowing so that she can smell the medicine. As soon as she smells it, even although the man chewing it is one whom she has hitherto disliked, she will get to like him. This is the way in which the medicine works.

755 [752] A man who was blessed was told of all these things. He cured all diseases. If a person had been shot and one blessed with the stench-earth medicine was called, he could be cured. In the same manner, if one is stabbed in what would generally be considered a fatal way and if a man blessed with stench-earth was called in time he would save him. The same cure is effected in cases of broken arms and of [752] patients who are on the point of death. It is for this reason that those blessed with the stench-earth medicines are always praised, and that the people say "They surely are in charge of life; for their blessings really come from the spirits, just as they claim."[1]

756 [754] [The "stench-earth" medicine men could undoubtedly cure the sick, but they also used it to poison people. The courting medicine was a poison medicine, and therefore it was not good. These people cured the body, but they killed the soul. It would have been much better had they saved their souls. They were really working for the devil. It is from him that they got all the bad medicines. Whenever they were offended, they would go and get poisons to kill the 754 774 offender. Thus the devil[2] was really causing them to kill their own souls and the souls of those they poisoned. It is the same with all

[1] The following portion in brackets is the comment of our informant, who is a member of the Peyote sect.

[2] Although he really means the Christian devil many of the traits of the old Winnebago deity Hareegi'nina, the chief of the bad spirits, are clearly discernible.

him from killing game. In the particular case mentioned above the spell was the following: A man killed a deer, and a pregnant woman ate a piece of the intestine. From that time on the man was unable to kill any more deer. 755 278 [224 843]

The above medicine is used to break the spell of ill luck in hunting caused by the following actions: If a man cohabits with a widow, or if one who is a widower eats together with another person, or if he smokes out of the same pipe as another person. Not only would the medicine free him from his ill luck in hunting, but it would give him good luck in cards and speed in running. [589]

Here is an astringent medicine. It is compounded of a mixture of the "clear" medicine and the "plant that spreads itself on the ground." It is used for the following purposes: As an application for swellings, for illness after childbirth, and for general sores and eruptions of the skin. In case of illness after childbirth it is injected. For sores, etc., it is taken internally. 757 278 [844]

Here is another medicine, called bladder medicine. It is made of the roots of a certain weed. These roots are boiled and then drunk. If one is troubled with stricture, the drinking of this medicine will enable him to pass water immediately. The same medicine is used to alleviate a toothache and to stop too profuse a menstrual flow. [841]

Now this is another medicine. It is made of the leaves of a certain plant. These leaves are rolled up and then drunk down with water. The medicine is used for all stomach complaints.

Here is another medicine used for diarrhea and dysentery. It is made from the roots of a plant that has many thorns and beautiful white blossoms. The roots are scraped and the scrapings boiled and gulped down. At least a pint of this concoction must be taken. It can also be used as a mouth wash for those troubled with sore mouths.

We have another medicine used to rid a person of superfluous bile. This acts as a strong physic and not only cures a person of his indisposition but also gives him a great appetite.

Here is another medicine. It is called the medicine for burns. It consists of the leaves of a certain weed that is dried. If anyone has a burn, he chews some of this dried weed and then applies it to the burn. [752]

Here is also a medicine for private diseases, compounded of the following:

1. Doxieu'tekera hara, red willow bark.
2. Ma'sixu'tekeda hara, English unknown.
3. Nap'a'hira hara, sharp tree.

These barks are pulverized and mixed together with skunk oil.

The next medicine I am going to describe is used in poisoning. It is called small-part-of-a-black-root-tree. It is used for many pur- 754 278
